DETAILED ACTION

The amendment filed on 08 March 2005 has been entered and overcomes the objections to the specification.

Allowable Subject Matter

1. Claims 1-7 are allowed.

The following is an examiner's statement of reasons for allowance: Regarding independent claim 1, the prior art of record neither shows nor suggest a method of cleaning the neck on a funnel of a cathode-ray tube comprised of, in part, providing a gap between a drain tube and a neck; directing a fluid through the gap; and draining the fluid, that was directed through the gap, through the drain tube, whereby the fluid cleans the neck, along with the other limitations of the claim.

Due to their dependency, claims 2-7 are necessarily allowable.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
